

VMOCK INSTRUCTIONS

VMock is an online instant resume feedback application that reviews and scores your CV, and helps you create a competitive, compelling and attractive CV.

VMOCK STEP BY STEP

- 1) Create a first draft of your CV using the **IE CV template (download)** and our **CV Writing Guide (download)**
- 2) **Sign-up** on VMock using your **IE student e-mail address**
- 3) Upload your CV in **PDF format** only, the VMock system will then process your CV and present you with a summary of resume analysis and feedback
- 4) Click on "Show my Feedback" button and it will take you through VMock resume system walk-through. Please make sure you spend time through the walk-through getting to know the system
- 5) You are now all set to start improving your resume score! Your target is to achieve at least a 70% score on your resume, although we strongly recommend you to get more than 80%

IMPORTANT

VMOCK accepts CVs in **English**. Once you finish using VMOCK, you can use this feedback to produce a CV in another language.

IE CV should be **1 page only**. To download the template press **here**

Improvement process in VMock can be repeated **10 times maximum**, so use wisely the feedback provided before uploading a new version of your CV!
